

DRMO Kastel, Germany

Location:

Mainz-Kastel Storage Station, Mainz-Kastel, Germany.

General Information:

The Wiesbaden Military Community will experience growth with the possible closure of Bad Kreuznach and the diversion of turn-ins from Hanau. The DRMO performs all disposal functions to include hazardous material disposal.

Area of Responsibility:

Bad Kreuznach, Wiesbaden/Mainz, Frankfurt, Darmstadt, Air Force war reserve sites in Denmark, The Netherlands, Northern Germany, Rhein-Main Air Force Base, Giessen, Hanau, U.S. Embassy, Badenhausen, Dexheim, Freiberg, and Macadonia

Facilities:

The DRMO occupies the majority of six buildings on the Storage Station. Most are in fair condition and newly renovated. There is a metal fence that surrounds the perimeter.

Constraints:

The major constraint to the DRMO is the loss of significant business due to base closures projected for the near future (Rhein-Main AB, and Frankfurt).

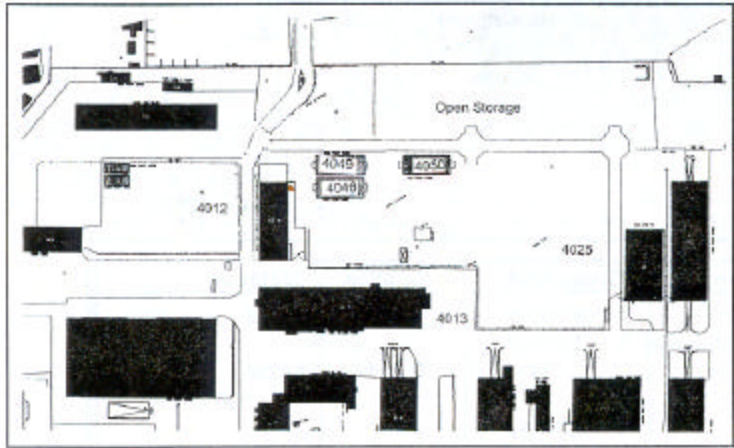

All buyers and contractors must be signed in at the front gate.
